REGULATORY AND QUALITY CONSULTING

FOR MEDICAL DEVICE
and IVD COMPANIES

Medical device companies need to manage everchanging regulatory landscape both in the National and Global Markets. Market Entry is becoming difficult day by day and compliance management is becoming a herculean task. Our experts who have worked in the various global markets combine the Global Regulatory and Product Know how to bring customized regulatory strategies that help you to register your products in major and emerging markets.

We develop, implement and maintain integrated quality management systems that comply with QMS regulation in all major device markets.

DEVICE **CERTIFICATION** PORTFOLIO

- **ISO 13485 : 2016 Certification**
- **European CE** (MDR/745 & IVDR/746)
- **USFDA 510 K Submission**
- **INDIAN CDSCO Registration**
- **INDIAN BIS Certification**
- **MDSAP** (Medical Device Single Audit Program)
Certification

KEY **SERVICES**

- One Stop Global Registration for Medical Devices
- Quality Management and Compliance
- Device Regulatory Strategies
- Market Entry and Export Promotion
- Device Manufacturing Plant Setup & Process Validation

PCI Gases - Vacuum Swing Adsorption (VSA) Medical Oxygen Generation Plant

"PCI Gases India" - a wholly owned subsidiary of PCI Gases, USA with global manufacturing at California, Brazil and Bangalore, India

Globally Approved Medical Oxygen Generator Solution – Patented by US and Indian Govt.

- Operates completely at less than 1 Bar(g) pressure
- Operational in 300+ Indian Hospitals with renowned customer base like Medanta, Manipal, Narayana Health, Fortis, Apollo Hospital, Tata Memorial amongst others.
- Lowest operational cost compared to PSA Plants, Liquid & Cylinder Oxygen
- Easily Deployable - Smallest footprint possible for any capacity of Oxygen Generator
- OIL FREE Technology – We do not use Oil Flooded / Lubricated Screw Compressor
- Approved by Central Drugs Standard Control Organization (CDSCO)
- Compliant with WHO, Indian Pharmacopeia, US and European Pharmacopeia
- ISO 9001 and ISO 13485 certified Medical Devices
- OIL FREE design enhances the lifespan of the Oxygen Generator
- Lowest Greenhouse gas emissions – Stands for 3E – Energy, Environment & Economy
- Generators equipped with Variable Frequency Drives (VFD)

WORD FROM THE FOUNDER

"AD-WEIGHT MEDIA & MARKETING SOLUTIONS PVT. LTD."

We are delighted to announce the launch of the **13th Edition of AIMS**, a Medical Directory with comprehensive information for all healthcare professionals.

India is witnessing an era where new hospitals are being built at a pace like never before. There are exciting challenges that these hospitals face, while they are being commissioned. One daunting task that every hospital's face- **Procurement**. Hospital planning has come of age and is today widely recognized as a critical management tool in positioning the hospital for future. It's very difficult for an individual alone to take care of basic planning to the start-up of a new hospital. So, to reduce the difficulty we help them to get all the details of their requirement under one roof through **AIMS** Directory, in a way that these hospital planners can co-ordinate efficiently and cost effectively.

We understand the importance of receiving safe, compassionate and high-quality health care. At **AIMS** we strive to deliver the best possible procurement experience.

I hope you will find this directory extremely informative, helpful in discovering the right solution at your finger tip.

The faith reposed by the medical fraternity towards **AIMS** for being instrumental in connecting them with various companies who advertise their products with us. It is a pleasure for us to serve your company for more than a decade of our venture. We truly value your association with **AIMS Medical Directory**.

Warm Regards

Heerals make every uniform extraordinary because it is a state of mind and not a clothing.

Even while Heerals is well-known for its corporate Dressing and wedding line for men, we are even more proud of our uniforms. Because everyone knows that a uniform defines a man or a lady.

OUR UNIFORMS:

All types of Corporate & Customised Uniforms for Offices, Hospitals, Aviation Industry, Spa, Labs and many More Industries.

HEERALS, DAHISAR (E).

Perioperative Care Solution

Mindray's Perioperative Care Solution combines a broad spectrum of medical devices into one organic solution. It allows for rapid interfacing between different devices, integrating them with the hospital network and improving information management.

This one-stop-shop approach is the safe and reliable answer to challenges in the operating room, enabling hospitals to interact more efficiently with only one supplier taking care of installation, training and after-sales service.

Our peri-operative solution consists of Operating Table, Surgical Light, Pendant, Infusion Pump, and Endoscope Camera System. Mindray's innovation and technology are within your reach in every step you take in the peri-operative period, allowing you to operate more efficiently and provide better patient safety.

Critical Care Solution

Leveraging the powerful M-Connect IT platform, Mindray's critical care solution features patient-centered integration of comprehensive and multi-modal clinical data from all bedside equipment, including patient monitors, ventilators, infusion pumps, ultrasound, etc., driving improvements in care quality, work efficiency and patient outcomes.

By providing immediate access and intelligent analysis of patient data, Mindray's solution can enable unparalleled patient visibility and interoperability through the interconnected network of bedside equipment and distributed monitoring devices, to help inform timely and accurate clinical decisions and ensure greater precision and continuity of the treatment.

SERVO CONTROLLED ADULT & PAEDIATRIC VENTILATOR

Model: Shreeyash 900 DV, Simple & Reliable.

Shreeyash 900 DV, A Simple & Reliable Ventilator:

Shreeyash 900 DV is a Volume & Pressure Controlled Ventilator with advanced modes of Invasive & Non-Invasive Ventilation to treat the patient suffering from various lung diseases. The PRVC, MMV, APRV, CPAP Plus PS mode & the HFNC mode puts it in the category of the most updated ventilator.

"Shreeyash 900 DV is intended for Adult & Pediatric use.

A large Fifteen inches Touch screen is provided that indicates various settings, alarms & graphical representation of scalar wave forms & Loops & Curves. It performs a self-diagnosis test each time the ventilator is put ON. Facilities like Suction, Nebulizer & ETCO2 are provided at an Extra Cost. The rotary knob for setting the parameters, the touch screen features, the easily detachable Expiratory Valve ensures **Simplicity**.

A battery back-up of 240 minutes, Apnea alarm with Back up ventilation, Auto mode facility in ACMV & CPAP+PS mode, Selectable Inspiratory Rise Time, 48 hours trend facility & above all the **Auto Shifting of FIO2 to 100% in case of Air supply Failure & Auto Shifting of FIO2 to 21% in case of Oxygen Failure ensures Reliability**.

The Shreeyash 900 DV displays the ongoing cycle of ventilation, the scalar graphics of Pressure - Time, Volume - Time & Flow - Time graph. It also indicates Pressure-Volume, Flow- Volume & Flow - Pressure loops. The set ventilator parameters are displayed at the bottom of the screen while the delivered parameters are displayed on right side of the screen. Screen 2 indicates various information like the RSBI index, static & dynamic compliance, MAP, Auto PEEP, battery voltage etc.

Special Functions:

- Auto Mode provided in this Ventilator will be of utmost help to the clinician & attending staff which ensures safe Ventilation of the Patient.
- The Auto mode can be activated in ACMV & CPAP+PS mode.
- CPAP plus Pressure support. This specialty mode puts the ventilator in the category of the most updated ventilators & is a boon for patients with "FLAIL" Chest. The setting of background ventilation in CPAP mode, ensures effective ventilation of the patient in case of Apnea.
- HFNC mode.
- APRV Mode (Airway Pressure Release Ventilation)
- MMV Mode (Mandatory Minute Ventilation)

Pneumatic Tube Systems with lab sorter interface

FOR VIDEO
SCAN HERE !

Unique ALL IN ONE Sample Distribution System

No time-consuming distribution of laboratory samples

Innovative ALL IN ONE Sample Distribution System

for modern hospital laboratories

Ing. Sumetzberger GmbH and ASP Lab Automation AG as technology leaders, developed an innovative ALL IN ONE sample distribution system:

- sample reception from point of care to several hospital locations with pneumatic tube distribution system
- manual feeding with outpatient samples
- sample check into LIS system

A famous combination of:

- the most compact and reliable automatic sample receptions with pneumatic tube distribution system
- the fastest and most flexible bulk sorter, sorting 3,200 tubes per hour
- the fastest add on blood tube rack sorter

Our Mission: Improving Acute Care

Our Mission: Improving Acute Care

At Dräger, we develop technology for life. You are the basis for our ideas and innovations – the challenges you encounter on a daily basis in the hospital are our inspiration. Improving treatment outcomes, reducing the cost of procedures and increasing the satisfaction of your colleagues and patients:

These requirements are what drives us to develop efficient solutions to improve Acute Care. With protective treatment approaches, care-centred workplaces, smart technologies and comprehensive services, we support you in reducing obstacles in Acute Care.

And that's why we are **"Your Specialist in Acute Care"**.
